# Adobe Experience Manager Training

West Advanced Technologies, Inc. (WATI) is proud to announce three streams of Adobe training as part of its Adobe Practice.

Adobe Experience Manager is a niche and fast growing technology specifically needed by large enterprises and Government. WATI is seeking experienced IT professionals, Computer graduates to join its Adobe Competency Center.

The training is conducted in a Digital Classroom environment with hands on exercises and assessment sessions. Instructor led sessions will be conducted to provide clarifications and address any questions that the trainees might have. WATI will be providing live project experience based on POCs from its customers as part of the training. WATI will sponsor the Adobe certification costs of \$150.00 for each trainee towards Adobe certification.

Immediately after the certification, the trainee will be part of WATI's Adobe Competency Center.
